1. Executive Summary & Project Objectives

This document presents the strategic website architecture and content distribution proposed for **GREEN ALEX**. The primary objective is to build an authoritative, modern corporate digital presence tailored for international food buyers, supermarket procurement teams, and commercial importers.

Company Identity & Corporate Background

Company Name: GREEN ALEX (شركة جرين أليكس للحاصلات الزراعية)
Specialization: IQF fruits, IQF vegetables, and processed ready-to-cook items.
Established: 1999 (Over 27 years in Food Processing).
Founder / Owner: Dr. Mohamed Gabr.
Commercial Registration: Rashid, Beheira Governorate, Egypt.
Administration Office: 10 Ibn Shogaa Street, Al-Azareeta, Alexandria, Egypt.
Website Languages: Bilingual parity (English & Arabic).

Website Purpose & Boundary Constraints

The agreed project scope is strictly a **Corporate Portfolio Website**. It is designed to establish international B2B credibility, showcase product capabilities, demonstrate adherence to strict food safety standards, and facilitate direct export inquiries.

Strict Scope Boundaries:
- NOT an e-commerce or cart-checkout platform.
- NOT an online transactional consumer shop.
- NOT an operational internal ERP or export freight portal.

2. Architectural Overview of the Proposed 6 Pages

All information provided by the client has been logically organized into a focused, user-friendly 6-page navigation hierarchy:

PAGE NO. & SLUG	PAGE TITLE (EN / AR)	STRATEGIC PURPOSE	PRIMARY TARGET AUDIENCE
PAGE 01 `/home`	**Home** الرئيسية	Executive brand overview, core value proposition, category teasers, harvest glimpse, and trust indicators.	International buyers, food brokers, retail purchasers.
PAGE 02 `/about-us`	**About Us** نبذة عن الشركة	Company heritage (Est. 1999), founder leadership (Dr. Mohamed Gabr), sourcing methodology, and customization policy.	Procurement directors, commercial audit teams.
PAGE 03 `/products`	**Our Products** منتجاتنا	Full technical catalogue of **26 products** across IQF Fruits (5), IQF Vegetables (15), and Mixed/Processed (6) with cutting sizes and grades.	Food importers, supermarket buyers, industrial caterers.
PAGE 04 `/harvest-calendar`	**Seasonal Harvest Calendar** التقويم الموسمي للحصاد	Indicative Egyptian crop windows (Winter, Summer, Year-round) to facilitate export planning and supply contracts.	Supply chain planners, agricultural procurement leads.
PAGE 05 `/quality-safety`	**Quality & Food Safety** الجودة وسلامة الغذاء	Egyptian EOS standards, international Codex/ISO references, 8-stage IQF QC pipeline, and legal compliance disclaimers.	Quality assurance (QA) auditors, technical compliance officers.
PAGE 06 `/contact-us`	**Contact Us** اتصل بنا	Headquarters address, official registration, interactive RFQ builder, and direct WhatsApp communication desk.	Prospective buyers seeking quotes and spec sheets.

Client Alignment Summary: This 6-page structure provides foreign B2B buyers with complete operational transparency while keeping navigation intuitive, fast, and focused on commercial inquiries.

PAGE 01 — HOME (الرئيسية)

Architecture Spec

Primary Purpose: Introduce GREEN ALEX with an authoritative, modern corporate impression and provide visitors with a clear roadmap into the product portfolio, seasonal sourcing, and technical standards.

Exact Content Allocation & Structural Hierarchy:

- **Brand Title:** `GREEN ALEX` (شركة جرين أليكس للحاصلات الزراعية).
- **Main Hero Heading:** `IQF PRODUCTS PORTFOLIO` (بورتفوليو منتجات التجميد السريع IQF).
- **Supporting Value Line:** `Seasonal Harvest Calendar • Product Forms • Quality Standards`.
- **Corporate Highlights:** Established 1999 • Founded by **Dr. Mohamed Gabr** • Rashid (Beheira) & Alexandria, Egypt.
- **Concise Company Introduction:** Bilingual corporate profile based strictly on supplied company data.
- **Three Core Category Cards:** 1. IQF Fruits (5 products), 2. IQF Vegetables (15 products), 3. Mixed & Processed (6 products) — Total 26 Products.
- **Seasonal Harvest Preview:** Interactive teaser highlighting active Egyptian crop windows linking to Page 04.
- **Quality & Food Safety Badge:** Highlighting EOS and international Codex/ISO compliance references linking to Page 05.
- **Direct WhatsApp CTA:** Instant navigation to WhatsApp export desk (+201093003736).

PAGE 02 — ABOUT US (نبذة عن الشركة)

Architecture Spec

Primary Purpose: Present the company's history, executive leadership, operational approach, and tailoring capabilities to build solid B2B trust without unsupported claims.

English Corporate Profile

"GREEN ALEX is an Egyptian food-processing company established in 1999 and founded by **Dr. Mohamed Gabr**. The company focuses on the processing and supply of individually quick frozen (IQF) fruits and vegetables, alongside selected processed and ready-to-cook products.

With a seasonal raw-material approach, GREEN ALEX plans production around optimum crop availability and customer specifications. Product styles, grading, cutting sizes, blends and packing formats can be tailored subject to raw-material availability, approved specifications and production capability."

نبذة عن الشركة باللغة العربية

"شركة GREEN ALEX هي شركة مصرية تأسست عام 1999 على يد الدكتور/ محمد جبر، وتعمل في مجال تجهيز وتصنيع وتوريد منتجات الفواكه والخضروات المجمدة بالتجميد الفردي السريع (IQF)، إلى جانب بعض المنتجات المصنعة والجاهزة للطهي.

تعتمد الشركة على التخطيط الموسمي لتوافر المحاصيل الزراعية، مع إمكانية تقديم أشكال تصنيع ومقاسات تقطيع ودرجات فرز وخلطات وتعبئة مختلفة وفقاً لمتطلبات العملاء، وبما يتوافق مع توافر الخامات والمواصفات المعتمدة والطاقة الإنتاجية"

Codex Pesticide MRLs	Maximum Residue Limits for Pesticides	Check commodity/pesticide combinations and market limits.
ISO 22000:2018	Food Safety Management Systems	FSMS framework; certification by accredited body.
HACCP / CXC 1-1969	General Principles of Food Hygiene	HACCP hazard analysis and critical preventive controls.
BRCGS / IFS Food	GFSI-Recognized Schemes	Customer / retailer-driven certification schemes where required.

C. Core IQF Quality Control Points (نقاط الفحص الأساسية)

1. **Raw Material:** Approved source, maturity, freshness, incoming inspection.
2. **Preparation:** Washing, sorting, trimming, peeling, cutting to spec.
3. **Blanching:** Enzyme inactivation applied where validated.
4. **Freezing:** Target -18°C or colder at thermal center.
5. **Finished Product:** Colour, flavour, texture, defects, pack integrity.
6. **Food Safety:** Micro/chemical/physical hazard controls; MRL testing.
7. **Cold Chain:** Continuous -18°C through storage and export distribution.
8. **Traceability:** Batch coding, production records, temperature logging.

MANDATORY LEGAL COMPLIANCE DISCLAIMER (PRESERVED EXACTLY)

"Listing a standard on this website does not mean that GREEN ALEX is certified to that standard, nor does it mean that every listed standard applies to every product. The current official text, status and scope must be verified with EOS and the competent authority. Destination markets and individual customers may impose additional requirements."
